LGU's Diplomacy Unlocked

*LGUMUN
2025
Fosters
Growth,
Ambition,
and
Courage
to Speak!*

LAHORE, PK – Lahore Garrison University's English Debating Society hosted LGUMUN 2025, a transformative two-day intra-university simulation redefining student diplomacy. Led by Vice President Fatima Shahid and President Ms. Asfa Bilal, the event featured three impactful committees: the United Nations Security Council (UNSC), chaired by Daniyal Ahmad; the United Nations Human Rights Council (UNHRC), led by Shahrukh Mujahid Khan; and the Pakistan National Assembly, presided over by Khwaja Shahab.

Delegates underwent rigorous preparation, including training and strategy sessions, to hone their diplomatic skills. Gratitude was expressed to Major General Khalil Dar, Dr. Kanwal, and Professor Dr. Arif for their support. LGUMUN 2025 included lively discussions, resolutions, and a celebratory closing ceremony, marking a significant celebration of growth and ambition.

British Council & EU Power Game Dev & Web Engineering Workshop!

Lahore, Pakistan – The British Council in Pakistan completed a vital five-day Qualification Review and Development Workshop with EU-TVET 4 financing. This event promoted Pakistani university Game Development and Full Stack Development (Web Engineering) specialisations.

Director ORIC Dr. Tahir Alyas enthusiastically represented Lahore Garrison University among renowned universities including FAST, UMT, Riphah University, University of Punjab, National Skills University, Jinnah Women University, and PAFIAST. Industry specialists from Systems Limited, EZ Solutions, and P@SHA contributed.

Both specialisations earned HEC and NCEAC-aligned curriculum from the workshop. Participants thanked the European Union and British Council for sponsoring the event, which brought academics and industry together to foster digital innovation.

Connects with LGU

A Step Towards Global Collaboration

On May 24, 2025, Lahore Garrison University (LGU) hosted a successful IEEE Orientation Session in collaboration with the IEEE Lahore Section at Iqbal Auditorium. The event aimed to introduce IEEE's global benefits, promote student engagement, and foster collaboration. It featured a welcome address, an overview of membership advantages, and an interactive Q&A session. Outcomes included strong interest in joining IEEE, appreciation from faculty for mentorship opportunities, and new connections for future collaborations. The session successfully raised awareness about IEEE and set the stage for future initiatives at LGU.

LGU's IEEE partnership offers limitless possibilities for our students and faculty.

LGU Hosts Impactful IEEE Session

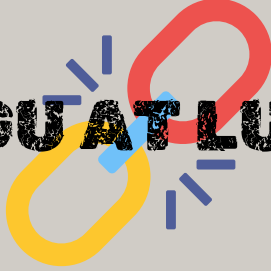

The overwhelming interest shown in IEEE engagement signals a new era of proactive learning and global connectivity for the LGU community.

LGU LEADERSHIP ENGAGES AT LUMS, REINFORCING INNOVATION DRIVE

Lahore, May 24, 2025 – Lahore Garrison University clearly demonstrated its dedication to fostering innovation and entrepreneurship today as Prof. Dr. Rizwana Bashir, Dean of Social Sciences, participated in the Tabeer Project Graduation Ceremony at the LUMS Centre for Entrepreneurship (LCE). The inspiring event offered invaluable information about global innovation ecosystems and new perspectives on academic leadership and entrepreneurship. Maj. Gen. Mohammed Khalil Dar HI (M) Retd., Vice Chancellor, joined the ceremony and visited the vibrant LCE Makers Lab, further solidifying LGU's dedication. His presence highlighted LGU's focus on nurturing entrepreneurial mindsets and strengthening vital university-industry linkages. Insights and potential collaborations from this visit are set to shape the future trajectory of LGU's students and its institutional growth.

LGU FACULTY EMPOWERS UPR WITH OBE & NCEAC MASTERY

LGU X UPR

Rawalakot, 6 May 2025 – In a landmark collaboration, Lahore Garrison University’s (LGU) Computer Science faculty spearheaded a dynamic Outcome-Based Education (OBE) and NCEAC training session at the University of Poonch, Rawalakot (UPR) on 5–6 May 2025.

The workshop, led by Dr. Arfan Ali Nagra and Dr. Abubakar Qazi, covered:

- NCEAC Accreditation Essentials for compliance
- OBE Fundamentals for real-world competency
- Exam Design Mastery for aligning assessments with CLOs and PLOs

Dr. Nagra assessed UPR’s course outlines and suggested enhancements for OBE compliance.

LGU X UPR

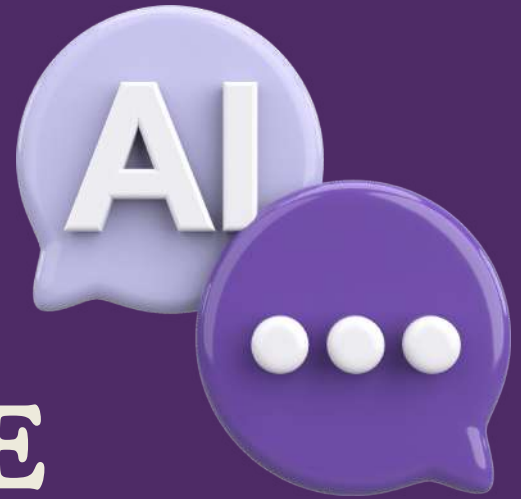

The session concluded with Dr. Lubna (UPR) honoring LGU's experts with souvenirs, cementing a partnership poised to reshape Pakistan's higher education landscape.

Dr. Ghulam Muhammad Represents Lahore Garrison University at Pivotal Meeting Driving Academia-Industry Collaboration and National Progress.

LGU's ORIC Forum Charts New Course for Research Excellence

Lahore Garrison University's ORIC participated in the 1st Meeting of the ORIC Forum 2025 on May 26, 2025, at the University of Agriculture Faisalabad, organized by HEC. Represented by Dr. Ghulam Muhammad, LGU joined discussions with speakers Tahir Chaudhary and Dr. Habib Gaba on enhancing academia-industry linkages, funding opportunities, and intellectual property management. Experts emphasized the need for research focused on innovation, product development, and addressing challenges like climate change. The meeting concluded with a call for practical innovation and stronger ties between academia and industry,

LGU Faculty Showcases AI Expertise at IEEE Congress

Lahore, Pakistan – A Lahore Garrison University faculty member, Ms Amna Saud, recently delivered an impactful session on "Generative AI: GPT and Prompt Engineering" at the IEEE Lahore Section Young Professionals WIE in SIGHT & Technical Chapters Congress 2025 in Faisalabad.

The session was about how GPT and prompt engineering are transforming the AI landscape, engaging a diverse audience of students, professionals, and academics. The speaker extended thanks to the IEEE Lahore Section, Faisalabad Subsection, and The University of Faisalabad Student Branch for hosting such a significant event.

Heartfelt Tributes Mark LGU's Mother's Day Celebration

LAHORE, PK— Lahore Garrison University (LGU) recently hosted a deeply moving Mother's Day event, organized by the Faculty of Computer Sciences (FCS), to honor the selfless love of mothers. The celebration warmly welcomed the mothers of LGU students and faculty. The chief guests, widows of Shuhadas and mothers from underprivileged areas, received special recognition for their remarkable resilience. Many of their children are current LGU students.

The program was filled with heartfelt moments, including emotional speeches by students and a poignant drama highlighting mothers' diverse roles. LGU students and Dr. Rizwana Bashir's daughter performed beautiful songs dedicated to mothers, while deans shared cherished memories of their mothers through touching videos. This event was a powerful affirmation of mothers' unconditional love and sacrifice, bringing the LGU community together to express profound gratitude for the incredible women who shape lives.

LGU WOMEN'S JUDO TEAM ROCKS

DOMINATES
CHAMPIONSHIP!

4 GOLD & 6 SILVER MEDALS!

Gujranwala, PK – Lahore Garrison University (LGU) proudly celebrates its Women's Judo Team's victory at the "Banyan un Marsoos" Judo Championship on May 26, 2025, in Gujranwala. The team demonstrated exceptional skill and determination, winning a total of ten medals: 4 gold and 6 silver. This achievement reflects the rigorous training and dedication of both athletes and coaching staff. Congratulations to the team for bringing honor to the university!
